

Instructions for TimeWise Repair - Trial Facial

You should be able to use each packet 2-3 times.

1. Using a small amount of cleanser (about the size of a pea) and water, create a rich lather and massage over face and neck. Rinse well with a warm wet wash cloth. Avoid eye area.
2. Draw an imaginary line down the center of your face. Smooth some of the Serum on only one side of your face and neck using an upward and outward motion. This will be your "pampered side" for the rest of the facial.
3. If you are doing this in the morning, apply day cream to the pampered side.
4. If you are doing this in the evening, apply the night cream to the pampered side.
5. On the pampered side, pat eye cream around the eye area.
6. Compare sides.
